NGAIRE, NICK WALES, ALYX DENNISON, STEREOGAMOUS & INNER WEST VOICES

Our queer art extravaganza commences with a dreamy synth soundscape accompanied by choical vocals.

NINA BUCHANAN

Immerse yourself in a surround-sound composition: lie down and surrender to an intuitive, contemplative and deeply grounded experience of queerness.

JERMAINE DEAN

Witness an immersive live photoshoot where lucky guests will be captured within a dreamy makeshift set. Images are developed through a fantastical lens of pixellation, distortion and manipulation.

TH3 ORDER

Maori and Pacific perspectives are brought into the queer cosmology in this series of performances blending movement, music, comedy and drag for a spectacular celebration of bodies at the edge.

ZAYA BARROSO

Witness a range of performance vignettes that combine autobiographical performance with epic vocals as Zaya shares her experiences of resilience against trans haters and those who exploit power.

SAMIA SAYED & ANASTASIA ZAVARINOS

Intimate and personal experiences are recounted as bodies are dragged across the dancefloor in this encounter that challenges the power of normative relationships and how they're connected to neoliberal ways of moving in this world.

SOFT CORE BONDAGE FAERIES

Get all tied up by a chorus of connective-plasma-faeries who give gifts and initiate shared activities of platonic intimacy.

GIRL

Share your thoughts, fears and fantasies about masculinity before these recorded conversations are transformed into a killer live music performance.

STEREOGAMOUS

Sydney sonic sweethearts bring the love to the dance floor as they turn out fresh scores by day and colourful tracks by night.
