

PLANNING YOUR VISIT TO CARRIAGEWORKS

SOCIAL STORY

WHAT IS A SOCIAL STORY?

A social story is a visual and written step by step guide to assist you with your visit.

This guide provides information on how to access Carriageworks, what to expect when you arrive and who to ask for assistance.

As Carriageworks hosts all kinds of events, some specific information for your visit may not be included in this guide. Please visit our website or contact us for more details.

HOW TO ACCESS CARRIAGEWORKS MAIN ENTRANCE

Our main entrance
is located at 245
Wilson Street.

Upon arrival, you will see a staircase. This leads to our main entrance.

There is an accessible ramp next to the stairs.

It also leads to our main entrance.

At the bottom of the stairs or the ramp is the Shared Pathway. This pathway is used by pedestrians, vehicles and bicycles.

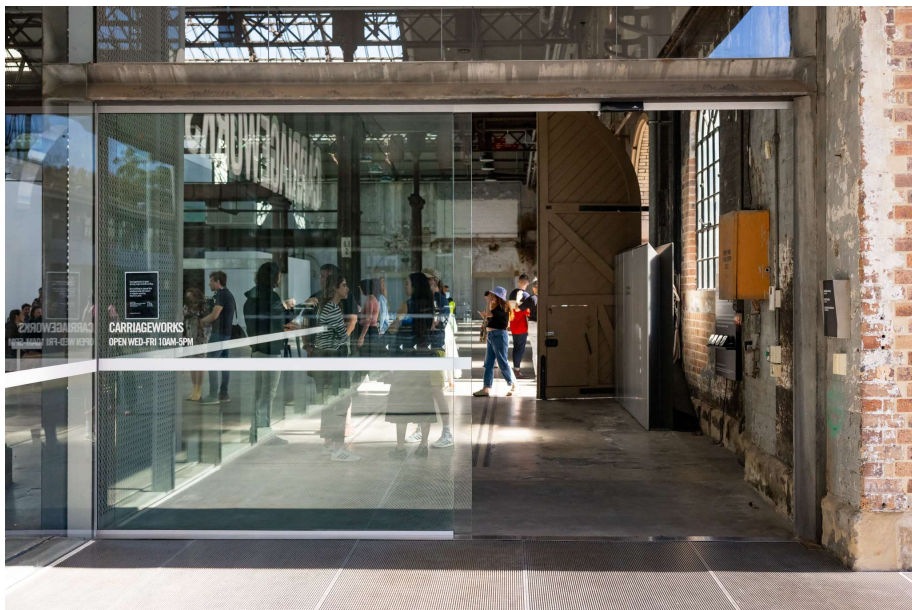

Please look left and right before crossing the Shared Pathway to arrive at Carriageworks.

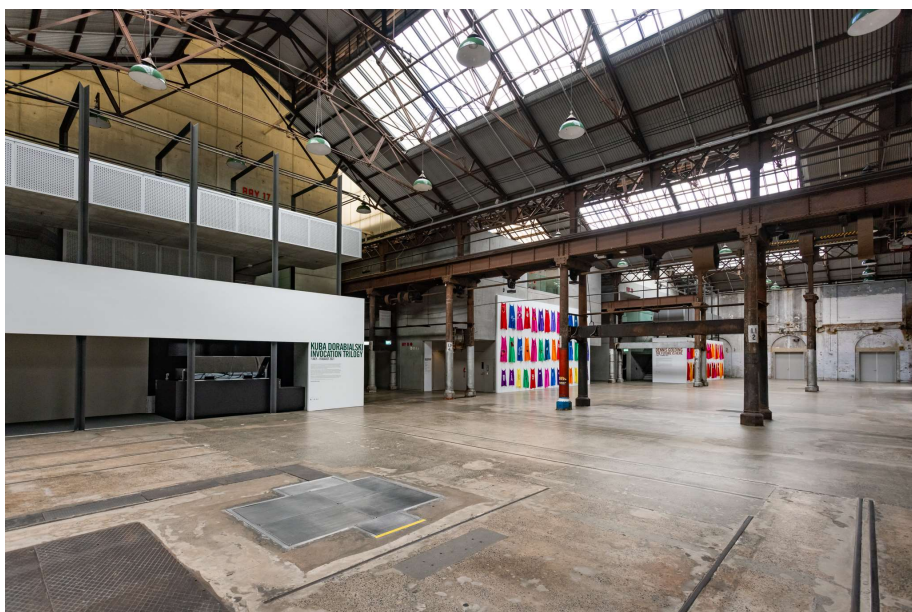

At the main entrance, enter through the automatic glass door on the right.

During rainy weather, be mindful of the floor which may be slippery when wet.

Once you've entered through the glass door, you have arrived in our Public Space.

There may be other visitors in the building.

You can access most of our galleries, theatres, venues and facilities from here.

You may also see signs with information and instructions on how to keep everyone safe.

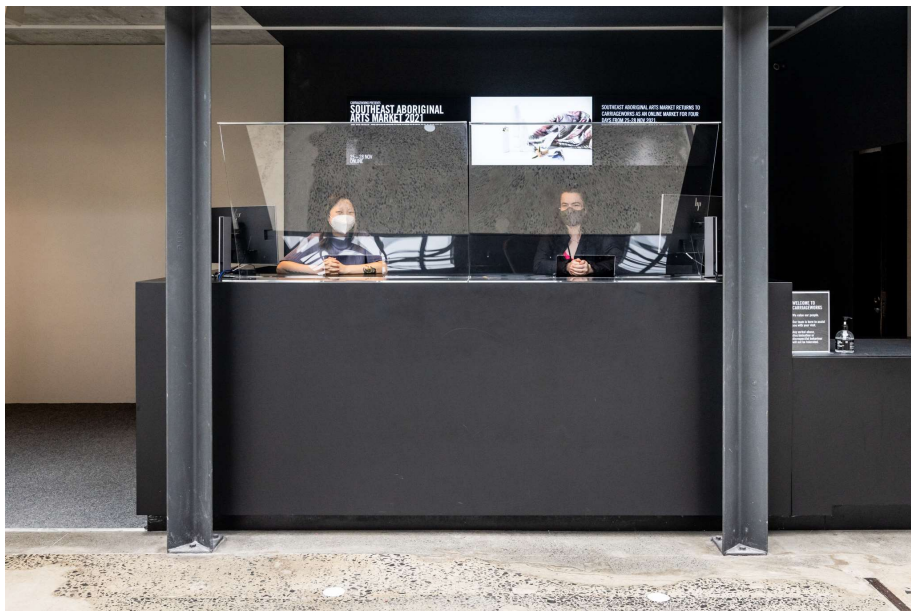

Our Visitor Services desk is found across from the main entrance.

This is where our Visitor Services Officers (VSOs) can be found. For safety, there is currently a Perspex barrier on the desk.

VSOs can provide you with details about what's on and other information for your visit.

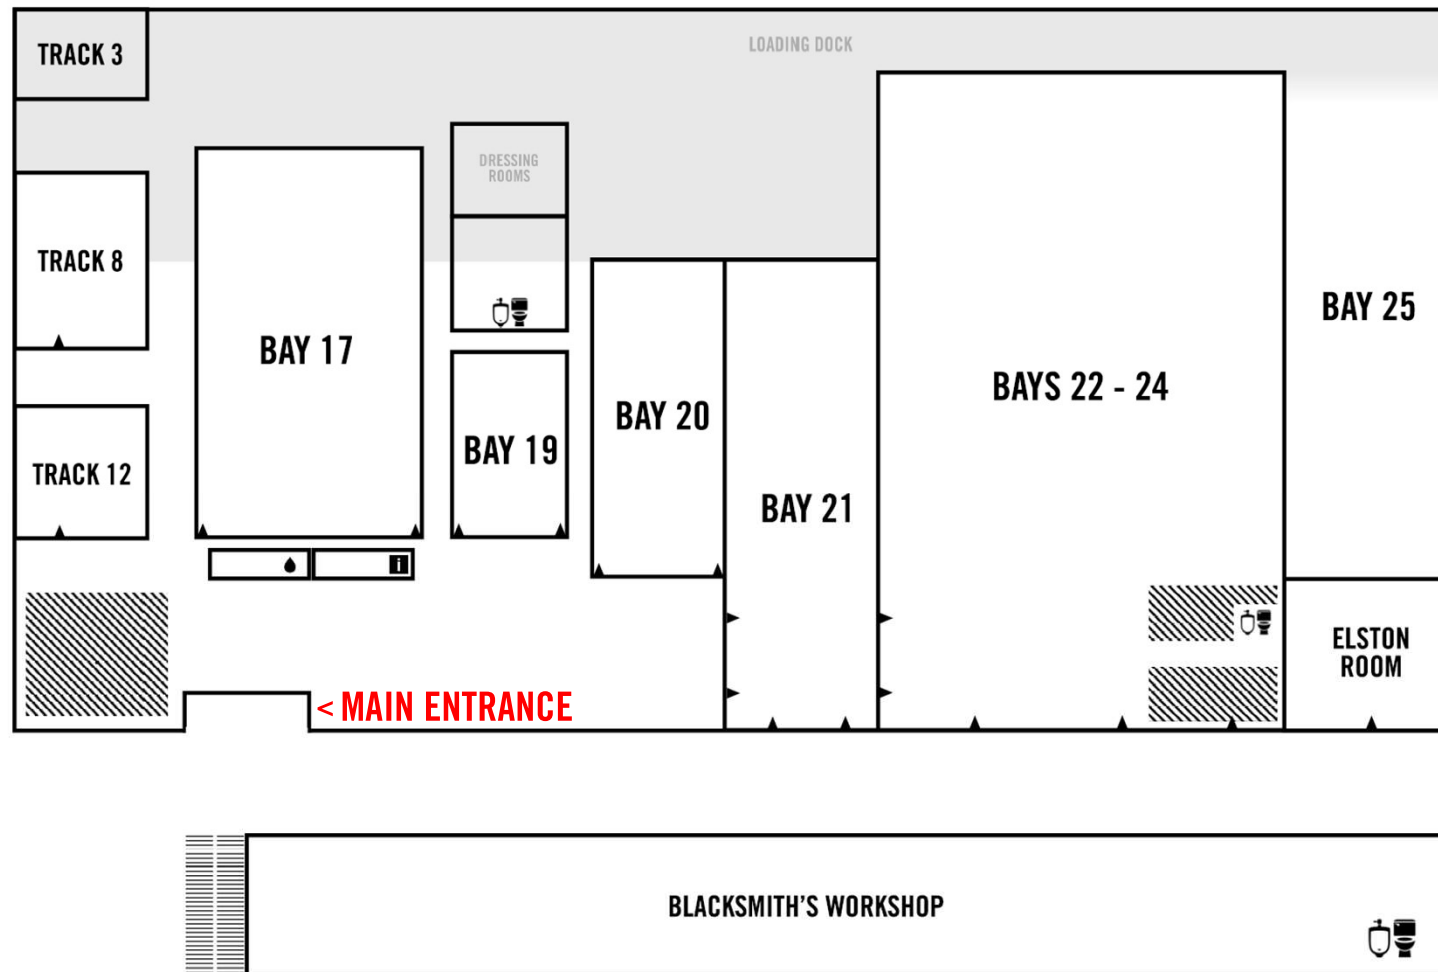

You can also ask someone here if you need to borrow a wheelchair or a large print version of the wall labels.

This is also where our VSOs take calls, so you may hear a phone ring when you are close.

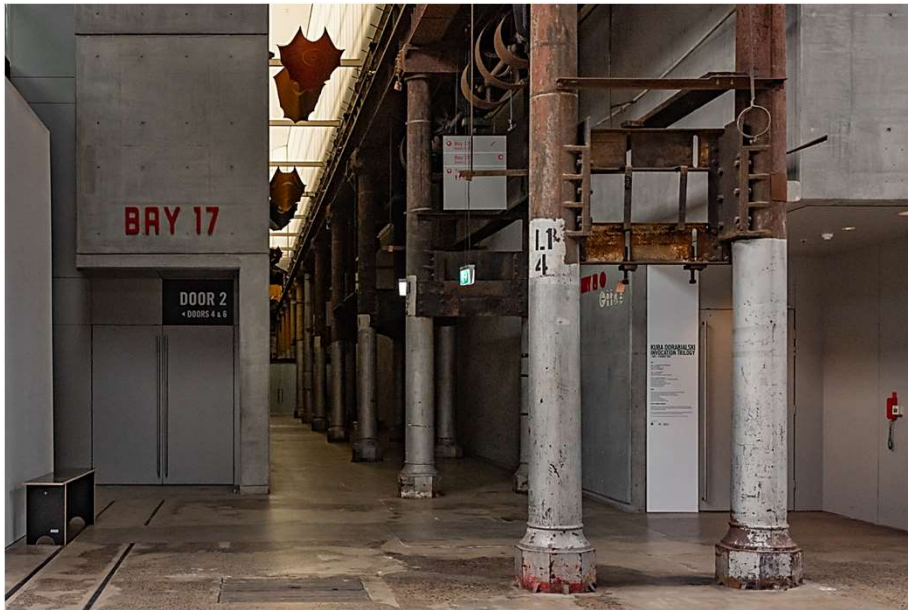

Our Front of House team may also be available to provide you with information.

They will be wearing black and a Carriageworks badge.

Here is a map of our precinct which shows the location of various venues: Tracks & Bays.

These venues are open specifically for exhibitions, events and performances, so some spaces may be not be open to the public at all times.

Our bathrooms are located behind Bay 19.

Follow the passageway on the right of the Visitor Services desk to reach the bathrooms.

The accessible bathrooms are between the male and female bathrooms.

You can ask our VSOs or Front of House staff to help you find them.

You can take a break on the benches in the Public Space.

There are also communal tables with stools to use.

You can have something to eat or drink here.

Food and drinks are not permitted in exhibition spaces.
