FOR

NIGHT

2022 SCHEDULE

Lovers, get ready for your wild ride through queer space and time at Day for Night 2022.

Our top tip is to be there on-time at midday for our special one-off opening ceremony and day rave by the Cosmic Nuns (Victoria Spence, Sarah Barry and Auntie Rhonda Dixon-Grovenor) and Stereogamous.

Use this guide to find the artists you want to see, but don't forget to try something new...or even better, stay for the whole 12 hours and lose yourself in the queer magic that only happens when we come together across generations and genres to create something special.

The bar will be open all day and night, and elsewhere in Carriageworks for the Liveworks Festival there are refreshments, snacks, exhibitions and fresh air to sustain you as you weave in and out of the space. See you there!
